RALPH DEMMICK, on behalf of
himself and all others similarly situated;
DONALD BARTH, on behalf of
himself and all others similarly situated,

Plaintiffs,

v.

CELLCO PARTNERSHIP, a Delaware
General Partnership doing business as
Verizon Wireless; and DOES 1 through
10,

Defendant.

Civ. Act. No. 06-2163 (JLL)

Honorable José L. Linares

**OBJECTION TO CLASS
ACTION SETTLEMENT
AND MOTION FOR
ATTORNEY'S FEES**

Hearing Date: March
30, 2015 Hearing
Time: 10:00 a.m.

Now comes class member Wanda J. Cochran, who hereby objects to: (1) Plaintiff's Motion for Orders Granting Final Approval to Proposed Settlement and Entering Final Judgment (DE 156); and (2) Plaintiff's Motion For Order Awarding Attorneys' Fees To Class Counsel (DE 158). Specifically, Objector believes the Court should deny the pending motions because they are not fair, adequate, and reasonable to the class for the following reasons:

1. The \$37 million dollar cash settlement represents only 23% of estimated

class damages;

2. Members of the 12K subclass should not receive the same credit as the more substantiated damages attributed to the VISION subclass;
3. It is unlikely that In-Network settlement class members will take advantage of the PIN crediting system;
4. It is unreasonable to award legal fees equal to 30% of the cash settlement and four times the actual billable hours.

Objector has retained legal counsel experienced in such matters who hopes to apply for admission pro hac vice. Accordingly, Objector reserves the right to supplement or amend her objections upon advice of counsel and/or as other objections are filed. Objector does not intend to attend the fairness hearing scheduled for March 30, 2015, either personally or through counsel. Finally, Objector has standing to file the foregoing objections because she believes she qualifies for membership in the In-Network Settlement Class. For the foregoing reasons, Objector respectfully requests that the Court:

- (1) Reject the proposed settlement as presented;
- (2) Refuse to enter final judgments dismissing class claims against the settling defendant with prejudice;
- (3) Deny the motion for attorneys' fees as presented.

Respectfully Submitted,

WANDA J. COCHRAN
